

Utah Special Needs Registry

This registration website allows residents with access and functional needs an opportunity to provide information to emergency response agencies so those agencies can better plan for disasters or other emergencies.

The information collected on here will not be available to the public. It will only be shared with emergency response agencies to improve their ability.

Please be as complete as possible in your responses. You will be contacted occasionally to ensure the information is correct and to make any necessary changes.

There is no substitute for personal preparation. In a disaster, government and other agencies may not be able to meet your needs. It is important for all residents to make individual plans and preparations for their care and safety in an emergency. You are in the best position to plan for your own safety as you are best able to know your functional abilities and possible needs during and after an emergency or disaster situation. You can cope with disaster by preparing in advance with your family and care attendants.
