

Outpatient TPOXX Provider list. Updated 8/30/2022

Below is a list of outpatient TPOXX providers across the state. We are working to onboard new providers and will update this list on a regular basis. Most of these providers will provide TPOXX by mail after an evaluation by a provider when treatment is appropriate. For uninsured/underinsured IHC Connect care has a \$59 fee associated with a basic visit that requires only an evaluation and medication, while clinics and urgent cares start around \$170, patient financial assistance may be available through the providers. Currently there is one retail pharmacy in Salt Lake County that stocks TPOXX. Any provider can prescribe TPOXX in accordance with the CDC EA-IND and have patients receive their medication from this pharmacy.
